14. [REDACTED] INTELLIGENCE BRIEFING

25X1 I accompanied [REDACTED] to a briefing of Senator Dick Clark (D., Iowa) on the internal political and economic situation in South Africa. Also present were Terry Myers, on the staff of the Subcommittee on African Affairs, Senate Foreign Relations Committee, and Marianne Albertson, on the Senator's staff.

25X1 15. [REDACTED] LIAISON I delivered to John Swanner, Staff Director, House Committee on Standards of Official Conduct, a copy of a document and covering memo which was referred to in the Panorama article. I also gave him some additional background on the events which led up to the article. I explained to him that it would be hard to tie the document and the article together. He will return the document when he has finished with it.

25X1 16. [REDACTED] LIAISON Met with Marian Czarnecki, Chief of Staff, House International Relations Committee, and gave him translations of the two Panorama articles and told him that the staff of the House Committee on Standards of Official Conduct had also asked for a translation and other background.

I spoke with Czarnecki about the request of Representative Donald M. Fraser (D., Minn.) for a witness to appear in a public session and to testify on civil rights in North Korea. Czarnecki said that Representative Fraser had asked for subpoena powers but did not know the purpose behind the request. I told Czarnecki it was doubtful we would provide a witness for Representative Fraser's hearings.

25X1 17 [REDACTED] LIAISON William Funk, Department of Justice, called regarding the IOB referral to the Department of Justice of a possible violation [REDACTED]

25X1

He said that in a memo from the Agency to the OAG it was stated that the Agency had briefed the oversight committees on the subject matter and he asked if he could come out and see the documents that would substantiate this. I told him I would look into it and get back to him.
